NTPR Self-Rating Scale

2.0 This player needs on-court experience. This player has obvious stroke weaknesses but is familiar with basic positions for singles and doubles play.

2.5 This player is learning to judge where the ball is going, although court coverage is weak. Can sustain a *short rally of slow pace* with other players of the same ability.

3.0 This player is fairly consistent when hitting medium-paced shots, but is not comfortable with all strokes and lacks execution when trying for directional control, depth, or power. Most common doubles formation is one up, one back.

3.5 This player has achieved improved stroke dependability with directional control on moderate shots, but still lacks depth and variety. This player exhibits more aggressive net play, has improved court coverage, and is developing teamwork in doubles.

4.0 This player has dependable strokes, including directional control and depth on both forehand and backhand sides on moderate shots, plus the ability to use lobs, overheads, approach shots, and volleys with some success. This player occasionally forces errors when serving. Rallies may be lost due to impatience. Teamwork in doubles is evident.
